12th AAGL International Congress on The Ultimate Advances in Minimally Invasive Gynaecological Surgery

Venue: Renaissance Mumbai Convention Centre Hotel, Powai, Mumbai, India

June 1 2016

PRE-CONGRESS HANDS-ON WORKSHOP
- Hysteroscopy
- Laparoscopic suturing

June 6 & 7 2016

POST-CONGRESS HANDS-ON WORKSHOPS
- Laparoscopic Hysterectomy & Myomectomy
- Laparoscopic Radical Hysterectomy
- Vaginal-Urogynaecological Surgery

WELCOME MESSAGE
BY SCIENTIFIC PROGRAM CHAIR

Dear Colleagues, Seniors & Friends,

It’s an exceptional privilege to be the Program Chair of this Unique 12th AAGL International Congress on Minimally Invasive Gynaecological Surgeries, for the first time ever in Asia and particularly in Mumbai, India. I welcome you to this program which has 2 days of Live Minimal Access Gynaecological & Robotic Surgeries from 13 Operation theatres relayed in 4 adjoining auditoriums of the conference venue from 8:30 am to 7:30 pm. The Master’s class on 8 important subjects will be from 4:30 pm to 7:30 pm on both days. This will be followed by 2 days of scientific conference with impeccable knowledge, videos, orations, panel discussions, debates, competitive free communications & virtual e-videos. World renowned 36 International & more than 100 outstanding National experts in the field of Laparoscopic, Hysteroscopic, Robotic, Vaginal and Urogynaecological Surgery will demonstrate their class in Live surgery & share depth of knowledge with more than 2000 delegates attending this mega event. There will also be a full day’s focus on Sonography, Color Doppler & Imaging in Gynaecology on first day & a full day of Live Infertility & ART procedures by National experts on second day for the benefit of audience interested in the growing science of these exciting fields.

On every evening of a hard day’s scientific activity, there will be the most melodious musical evening with few of the greatest stars & sportspersons in a unique ambience to sit back relax, enjoy cocktails, fellowship, and truly exceptional Indian food.

A unique addition to this event are the Pre & Post Congress hands-on training in Hysteroscopic surgery, Laparoscopic suturing, Laparoscopic Hysterectomy & Laparoscopic Myomectomy, Laparoscopic Radical Hysterectomy, Vaginal & Urogynaecological Surgeries.

This is followed by scenic & spiritual tours of Incredible India.

In history of mankind, I welcome you to witness the Unbelievable magic of AAGL which will unfold in the first week of June 2016 in Mumbai, India.

Don’t miss to be a part of History.

We await your presence to honor this occasion.

Prakash Trivedi
Scientific Program Chair, AAGL

---

AAQL PRESIDENTIAL GREETING

Dear Colleagues,

It gives me great pleasure to welcome you to the 12th AAGL International Congress in Mumbai, India. Central to the mission of the AAGL has always been the expansion of minimally invasive gynecologic surgery worldwide. Each year our international meeting serves as an opportunity to partner with colleagues and societies from various parts of the world to bring together the best clinical techniques and scientific advancements available. This year is no exception. The Scientific Program Committee, led by Prakash Trivedi, MD, has assembled an incredible panel of invited faculty experts from throughout India and the world. They represent a wide range of expertise that covers the gamut of gynecologic surgery from traditional laparoscopy and hysteroscopy all the way to robotics. Woven throughout the program are various hands-on workshops, scientific sessions, panel discussions and great debates on hot button topics. A crowning jewel to this year’s program is the planned 2 days of live surgeries from 13 operative theaters throughout Mumbai. This represents the largest live telesurgery undertaking at an AAGL International Congress yet.

Bottom line: there is just so much to see and do that you will have to come to Mumbai to experience it for yourself. And remember, after learning some new gynecologic tips & tricks, set aside some time to experience the culture and see the wonderful sites of India. I look forward to seeing you there.

Best wishes & safe travels,

Arnold P. Advincula, MD
President, AAGL

AAQL Global Congress- First time ever in Asia Live surgical relay from 13 OT.
Dear Colleagues and Friends,

It gives me great pleasure to invite you to the 12th AAGL International Congress on the “Ultimate Advances in Minimally Invasive Gynaecological Surgery” that will be held in Mumbai India from June 1-7, 2016. I can honestly say that this will be a remarkable event and you do not want to miss it. The outstanding faculty is comprised of the true experts and leaders in our field today and the program is exceptionally strong. Some of the unique highlights include hands on workshops on laparoscopic hysterectomy, laparoscopic myomectomy and laparoscopic radical hysterectomy and vaginal-urogynecological surgery. This is truly a unique opportunity for surgeons to have a hands-on experience with some of the best surgeons in the world. The Congress will also feature two days of live telesurgery from 13 operating rooms (!) where experts from around the world will perform live cases all day long. In addition to that, the venue of the event is beautiful and if you have not visited India before, this is a great opportunity to do so. Dr. Trivedi and his associates are outstanding hosts and you are guaranteed to not only learn new things, but also to have an unforgettable time during your visit.

See you in India!

Jon I Einarsson
MD PhD MPH
Brigham and Women’s Hospital
General Chair - AAGL, Vice President - AAGL

Dear Colleagues,

As the President of IAGE it is my great honour and proud privilege to be the program co-chair to host a unique event ‘AAGL International Congress of Minimally Invasive Gynecological Surgeries’ to be held for the first time in India in Mumbai on June 2-5, 2016.

The scientific program is planned keeping in mind the international standards and the day to day needs of our colleagues in their practice in the era of modern Gynecology. The program consists of two days of live workshops in the field of Gynecological endoscopy, Urogynecology, Vaginal surgeries. The Master’s class has been designed meticulously on important topics to offer take home messages and practical solutions required for day to day practice. Two days of conference have been contributed by International and national stalwarts in the field of endoscopy, sonography and Vaginal surgeries. Important addition is pre and post congress hands on training courses in Laparoscopic suturing, hysterectomy, Myomectomy and Hysteroscopy. The uniqueness about this program is that it is addressed to cover the practical solution to any clinical scenario in the field of operative Gynecology, sonography and infertility.

To unwind after academic feast we have planned musical evenings, cocktails and great Indian food. Conference delegates can also take advantage of site seeing tours to explore the Incredible India.

I am looking forward to welcome you to be part of this historical unique, memorable scientific event in the first week of June 2016.

Rajendra Sankpal

WORKSHOPS

PRE-Congress HANDS-ON WORKSHOPS:
WEDNESDAY, JUNE 1, 2016

A. Hysteroscopy Hands on Workshop
   Conveners: Prakash Trivedi, S. Krishna Kumar
   Other Experts: Stefano Bettocchi, Rudi Campo, Robert Zurawin & others

B. Laparoscopic Suturing Hands on Animate & Inanimate Lab
   Conveners: Prashant Mangeshikar, Rajendra Sankpal
   Other Experts: Charles Koh, Nutan Jain, Jon Einarsson, Bhas Goolab & others

POST-Congress HANDS-ON WORKSHOPS:
MONDAY, JUNE 6, 2016 & TUESDAY, JUNE 7, 2016

A. 3D Laparoscopic Hysterectomy & Laparoscopic Myomectomy
   Conveners: Prakash Trivedi, Jon Einarsson
   Other Experts: P. G. Paul, Rajendra Sankpal, Sanjay Patel

B. Vaginal Surgery & Urogynaecology
   Conveners: Ajay Rane, R. M. Saraogi
   Other Experts: V. P. Paily, Vyomesh Shah, Viveet Mishra

C. Laparoscopic Radical Hysterectomy
   Conveners: Shailesh Puntambekar, Robert Zurawin
   Others Experts: Hafeez Rahman, Neeta Warty

Hands-On Training Details (Limited Seats)

1. Participants need Original Qualification and Practicing Rights Certificate.
2. Participants will be given restricted Hands-On like being in the Operation Theatres for most cases, Scrubbing to Assist surgeries on rotation basis, learning important steps, but will not be given total free Hands-On which may risk patient’s safety and not permitted legally.
3. Final decision will be always of the Convener.
LIVE SURGERIES

Live Workshops: Thursday, June 2, 2016 & Friday, June 3, 2016

Live relay from 13 Operation Theatres to 3 parallel auditorium simultaneously from 8:30 am to 4:00 pm & Live Robotic Surgery in 4th Auditorium from 4:30 pm to 7:30 pm on both days.

Venue: Renaissance Mumbai Convention Centre Hotel, Powai, Mumbai

A. Total Woman’s Health Care Centre: 3D Laparoscopy & Urogynaecology (4 OT)
Convener: Prakash Trivedi
Operating Faculties: Robert Zurawin, Charles Koh, Rudi Campo, Arnaud Wattiez, Jon Einarsson, Stefano Bettocchi, Prakash Trivedi, Shailish Puntambekar, Hafeez Rahman, Sanjay Patel, Vineet Mishra, Mahendra Borse, Pandit Palaskar, Vyomesh Shah

B. Hiranandani Hospital: HD Laparoscopy & Hysteroscopy (4 OT)
Convener: Prakash Trivedi

C. Nanavati Hospital: Vaginal & Urogynaecological Surgery (4 OT)
Convener: R. M. Saraogi, Mohan Gadam

D. Kokilaben Dhirubhai Ambani Hospital
Live Robotic Surgery from 4:30 pm to 7:30 pm on both days
Convener: Arnold Advincula, Anshumala Shukla & others
Auditorium Co-ordinators: Aparna Kamat, Ruma Sinha, Meenakshi Sundaram, Neena Singh, Pritesh Naik

Auditorium Co-ordinators:

THURSDAY, JUNE 2, 2016

Sonography, Color Doppler & Imaging procedures - From Darkness to Light (8:30 am to 4.00 pm)

MOC: Sylvia Noronha
Conveners: P. K. Shah, Ashok Khurana
Chairpersons: P. K. Shah, Chaitanya Nagori, Archana Baser

08:35 - 09:05 am  How has Sonography guided us!: Prashant Acharya
09:10 - 09:40 am  Sonography in Infertility & ART: Sonal Panchal
09:45 - 10:15 am  Practical Sonography in Gynaecology: Narendra Malhotra
10:20 - 10:55 am  Audience interaction
11:00 - 11:30 am  Tea/Coffee break & Exhibits
MOC: Sujata Mishra
Chairpersons: Kuldeep Jain, Vandana Walvekar, Manju Jilla

11:30 - 12:00 noon  Color Doppler in Gynaecology: Chander Lulla
12:05 - 12:35 pm  Interesting Case Discussion: Mamta Deendayal
12:40 - 01:10 pm  MRI in Gynaecology: Bhavin Jhankaria
01:10 - 01:30 pm  Audience interaction
01:30 - 02:15 pm  Lunch break & Exhibits
MOC: Tushar Kar
Chairpersons: Jignesh Thakkar, Ashok Khurana

02:15 - 02:45 pm  Interventional sonographic procedures: Nitin Chaubal
02:50 - 03:20 pm  Advance in Sonography & Color Doppler: S. Suresh
03:20 - 04:00 pm  Stump the Experts - Open Forum: P. K. Shah

Evening Faculty Dinner
FRIDAY, JUNE 3, 2016

Infertility & ART Procedures Live (8:30 am to 4:00 pm)

MOC: Rajkumar Shah
Conveners: Nandita Palshetkar, Rishma Pai, Sunita Tandulwadkar
Chairpersons: Prakash Patil, Kedar Ganla, Sujata Kar

08:30 - 08:50 am IUI techniques: Madhuri Patil
08:50 - 09:10 am Enhancing results of IUI: Rishma Pai
09:10 - 09:30 am Azoospermia - Sperm Retrieval: Rupin Shah
09:30 - 09:45 am Audience interaction
09:45 - 10:05 am Ovum pickup techniques: Manish Banker
10:05 - 10:25 am IVF-ICSI Lab aspects: Vijay Mangoli
10:25 - 10:45 am Embryo transfer techniques: Gautam Allahabadia
10:45 - 11.00 am Audience interaction
11.00 - 11:30 am Tea/Coffee and Exhibits

MOC: Jyoti Mallick
Chairpersons: Dheeraj Gada, H. D. Pai

11.30 - 11.50 pm Oocyte freezing: Jatin Shah
11:50 - 12:10 pm Embryo freezing: Jaideep Malhotra
12:10 - 12:30 pm Organ transplantation in Infertility: Pravin Mhatre
12:30 - 12:50 pm Laparoscopic criteria for small uterus as cause of Infertility: Dheeraj Gada
12:50 - 01:15 pm Audience interaction
01:15 - 02:15 pm Lunch & Exhibits

MOC: Neelam Bhise
Chairpersons: Anshu Jindal, Purnima Nadkarni, Shivani Gour

02:15 - 02:35 pm Laser Assisted Hatching & PGD: Firuza Parikh
02:35 - 02:55 pm IMSI & Embryoscope: Nandita Palshetkar
02:55 - 03:15 pm Enhancing endometrial receptivity: Nalini Mahajan
03.15 - 04.00 pm Stump the Experts: Open Forum by Sunita Tandulwadkar, Nayana Patel, Sadhana Desai, B. N. Chakravarty, Kamini Rao, Indira Hinduja

8:30 pm onwards DJ Night Cocktail Dinner & much more
Thursday, June 2, 2016:

Master Classes from 4:30 pm to 7:30 pm inclusive of coffee break and audience interaction

Aims & Objectives of the session
These sessions features subject matter wherein experts will present & review recent data / techniques on a subject. Surgical videos will express their new thoughts & also raise questions to make a group of Minimally Invasive surgeons - Laparoscopic, Vaginal, Urogynaec. Robotics etc to upgrade their skill & knowledge levels.

The Masters Classes on June 2, 2016

1. **Difficult TLH**
   MOC: Vidya Bhat
   Experts: Prashant Mangeshikar, Lisellote Mettler, Rajesh Modi, Rakesh Sinha, Sunita Tandulwadkar, Soumil Trivedi
   - TLH simplified by use of manipulator or myoma screw
   - TLH in cases of Previous Caesarean / Pelvic Surgery
   - TLH in very obese & high risk medical case
   - TLH in bad endometriosis case
   - TLH with very big size uterus
   - TLH with tackling uterine arteries at origin & in bag Morcellation

2. **Complications in Endoscopic Surgery**
   MOC: Kedar Padte
   Experts: P. G. Paul, Shailesh Puntambekar, Parul Kotdawala, Steve Jeffery, Masaki Mandai, C. V. Hegde
   - Technical & Postural Complications
   - Trocar entry, Pneumoperitoneum & Anaesthesia Complications
   - Laparoscopic surgery bleeding & prevention
   - Urological Injuries prevention & management
   - Rectal & Bowel Injuries Prevention & Management
   - Hysteroscopic surgery Fluid overload & injury energy

3. **Vaginal & Urogynaec Surgery**
   MOC: Sam Abraham
   Experts: Ajay Rane, V. P. Paily, Neeraj Kohli, Mohan Gadam, R. M. Saraogi, P. C. Mahapatra
   - Is Mesh a problem in Prolapse surgery - complications
   - NDVH for very big uterus & previous Caesarean cases
   - Anatomical basis of Prolapse Surgery
   - VVF prevention & management
   - Limitations of Vaginal Surgery
   - Energy in Vaginal Surgery

4. **Hysteroscopic Surgery**
   MOC: Sanket Pisat
   Experts: Stefano Bettocchi, Rudi Campo, S. Krishnakumar, H. D. Pai, Keith Isaacson, Alka Kumar
   - New Instrumentation & energy in Hysteroscopic surgery
   - Innovations in distention & visualization
   - Complications in Hysteroscopic Surgery
   - Office & Microhysteroscopic Surgery
   - Hysteroscopic Myomectomy
   - Hysteroscopic Adhesiolysis
The Masters Classes on June 3, 2016

1. **Deep Endometriosis**
   **MOC:** Nagendra Sardeshpande
   **Experts:** Arnaud Wattiez, Leila Adamyan, Jorg Keckstein, Michel Canis, Sanjay Patel, Pranay Shah, Bash Goolab
   - Understanding deep Endometriosis
   - Management of pain in deep Endometriosis
   - Management of Deep endometriosis in Infertility ART
   - TLH in deep Endometriosis
   - Deep Endometriosis with ureter & bladder involvement
   - Deep Endometriosis with Bowel involvement

2. **SILS LESS & Robotics**
   **MOC:** Amit Tandon
   **Experts:** B. Ramesh, Pritesh Naik, Aparna Kamat, Meenakshi Sundaram, Ruma Sinha, Alka Kriplani
   - Single port Laparoscopy Does it help or complicate surgery?
   - Robotic Surgery today
   - NOTES & LESS today
   - Limitations of Single port surgery
   - Complications of Robotic Surgery
   - Newer modification of Robotics & SILS

3. **Energy Sources in Laparoscopic Surgery**
   **MOC:** Pratik Tambe
   **Experts:** Mohammed Ibrahim, Bimal John, Malvika Sabarwal, Pragnesh Shah, Atul Ganatra, Lalita Badhwar
   - Understanding Energy in Hystero laparoscopic surgery
   - Bipolar, scissors & suture only in Laparoscopic Surgery
   - Harmonic, Vessel Sealer & future Energy sources
   - Complication of Energy sources Prevention & Management
   - Is monopolar outdated for Laparoscopic surgery?
   - Hysteroscopic surgery Which energy when & how much?

4. **Controversies in Minimal Access Surgery**
   **MOC:** Ruma Sinha
   **Experts:** Ceana Nezhat, Robert Zurawin, Prakash Trivedi, Jon Einarsson, Charles Koh, Victor Gomel
   - Large uterus / Fibroids Can we do Laparoscopic Surgery?
   - Morcellation is the hype unscientific?
   - Role of Mesh in Vaginal or Laparoscopic surgery
   - Fertility Enhancing surgery have two sides of the coin do they meet?
   - Are vaginal surgery for prolapse really adequate or safer?
   - Laparoscopic Cerclage Interval or in Pregnancy?

---

Only Competitive Videos & free communication Hall E on June 4th & 5th at 8.00 - 11.00 am & 2.00 - 4.00 pm with bumper prizes in each category - 6 minutes video & 3 minutes interaction. Registered delegates can have maximum of two presentations in the field of MIS - Laparoscopy, Hysteroscopy, Urogynaecology, Vaginal Surgery, Infertility ART Procedures, Robotics & Interventional Sonography Color Doppler
# SATURDAY, JUNE 4, 2016
