

"MP-ENDOGYN 2015"

on 26th & 27th SEPTEMBER 2015

Dear friends,

Indian association of Gynaecological Endoscopists (IAGE) along with Madhya Pradesh State Obstetrics & Gynaecological Society (AMPOGS RPWS) takes great pleasure in inviting you to a live operative workshop and CME, **"MP-ENDOGYN 2015", on 26th & 27th SEPTEMBER 2015**. We hope our endeavour will encourage more and more gynaecological surgeons to take on the minimal access approach. The conference will focus on both basic and advanced skill development in endoscopy. Eminent faculty from all over the nation will participate sharing their skills and knowledge. IAGE is determined to give maximum benefit by organising CMEs, live workshops and conferences not only in metro cities but also in smaller societies, thereby helping make endoscopic approach more attainable by most gynaecological surgeons.

We welcome all to Madhya Pradesh, the heart of India, and specifically to the city of lakesBhopal. Wishing all of you a pleasant stay .
